Art Unit: 1634

The Art Unit location of your application in the USPTO has changed. To aid in correlating any papers for this application, all further correspondence regarding this application should be directed to Art Unit 1634.

Claims 98-108 and 110 are rejoined with claims 89-97, 111, 112, and 149-153.

The disclosure is objected to because of the following informalities: Figure 13C is not mentioned in the Brief Description of the Drawings.

Appropriate correction is required.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 152 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The claim is incomplete because it refers to a Table in the specification. See MPEP 2173.05(s).

Claims 89-110, 112, 149-151, and 153 are allowable over the prior art of record.
